

Supervision of Children

At **Fun Fest** we have suitable staffing arrangements to meet the needs of all children and ensure their safety. The Club manager is responsible for all staff, students, agency staff and volunteers receiving information on health and safety policies and procedures in the Club in order to ensure they are adequately supervising the children, including whilst they are eating.

Supervision

We ensure that children are adequately supervised at all times, whether children are in or out of the building, including eating through:

- Appropriately deploying staff members meeting the ratio and qualification requirements to ensure children's needs are met and continuing to monitor this across the setting regularly. This includes informing parents and/or carers about staff deployment, and, when relevant and practical involving them in these decisions
- A fully qualified Paediatric First Aider is on site each day
- Adequate supervision while children are eating and must be within sight and hearing of an adult. A qualified Paediatric First Aider must be available and with the children whilst they are eating, to be able to respond to emergencies quickly.
- Completing registers as soon as soon children enter and leave the premises and carrying out head counts throughout the day
- Risk assessing activities/experiences and equipment to ensure children are not exposed to unnecessary risks, including removal of any and fully supervising any activities that may pose this risk
- Ensuring children are fully supervised at all times when using water play as we are aware that children can drown in only a few centimetres of water
- Taking special care when children are using large apparatus e.g., a climbing frame, and when walking up or down steps/stairs
- Support children to identify, minimise and manage risks in their play
- Making sure staff recognise and are aware of any dangers relating to bushes, shrubs, and plants when on visits/outdoors
- Supervising children carefully when using scissors or tools, including using knives in cooking activities where this is required
